DAIRY & FOOD SANITATION
VOLUME 4

AUTHORS INDEX

A

ALVAREZ, R.J., book review, 275, 276, 488; spice quality, 380; plastic vs. metal containers in protecting spices, 400; plastic packaging for spices, 464.
ATHERTON, H.V., regulating goat milk production, 128.

B

BANDLER, D.K., dairy plant fieldmen and their work, 400; can mandatory milk dating be replaced, 400.
BARNARD, S.E., bacterial quality of milk, 93; flavor of store milk, 176; from dairy specialist to producer, 403.
BASSETTE, R., mandatory dating of milk, 376.
BINDER, J.M., (see Alvarez, 380, 400, 464).
BLASER, M., *Campylobacter* in food, 405; *Campylobacter* and protection of water supplies, 405.
BLOM, K., bulk food merchandising, 405.
BODMAN, G.R., (see Wallen, 88; 256).
BORER, D.J., (see Wallen, 88; 256).
BOTELLO, O.H., (see Pelton, 466).
BOUCHARD, C., (see Pichard, 403).
BRAZIS, A.R., letter to the editor, 97; presidential address, 436.
BUESCHKENS, D., (see Clark, 401).
BULLERMAN, L.B., inhibition of ochratoxin by sorbate, 400; (see Lampila, 90).

C

CALDERON, C., (see Collins-Thompson, 401).
CERTIFIED COLOR MANUFACTURER'S ASSN., history of food colors, 131.
CHOJNACKI, T., letter to the editor, 96.
CHRISTEN, G.L., (see Frank, 401).
CLARK, A.G., *C. jejuni* in hen's eggs, 401.
CLINGMAN, C.D., handling media concerns, 348.
COLE, P.H., (see Wallen, 88; 256).
COLEMAN, W.W., what can be done about low farm scores?, 405.
COLLINS-THOMPSON, D.L., use of nisin in bacon, 401.
COUSIN, M.A., (see Lin, 402).
COX, N.A., letter to the editor, 96.
CRUICKSHANK, E.G., (see Hunter, 212).

D

DOYLE, M.P., hemorrhagic *Escherichia coli*, 405.
DRUCKER, B.J., human relations in inspections, 296.

E

EL-AHRAF, A., animal waste problems and management techniques, 168.
EMERY, H., microcomputer uses in sanitation programs, 7; book review, 408.
ERICKSON, E.D., (See Wallen, 88; 256).

F

FARBER, J.M., bacterial recovery in membrane filters, 401.
FARQUHAR, J.W., use of time/temperature monitors in foodservice, 404.
FIRSTENBERG-EDEN, R., impedimetric coliform estimation in dairy products, 401.
FOLEY, J.L., (see Barnard, 176).
FOLWELL, W.H., (see Barnard, 403).
FOURON, Y., analytical methods for the food industry, 404.
FOX, T.L., (see Ginn, 402).
FRANK, J.F., quality evaluation of fluoridated milk, 401.

G

GILLESPIE, R.W., institutional feeding concepts, 302.
GINN, R.E., determining viable bacteria counts in raw milk, 402.
GRAVANI, R.B., video tape training, 216; audio visual training aids, 404.
GREER, G.G., psychrotrophic bacteriophages for beef spoilage bacteria, 402.

H

HANEY, R.L., research with bacteria, 174.
HANKIN, L., ice cream quality in Connecticut, 306.
HANNA, G., (see Hankin, 306).
HARMON, R.J., coliform mastitis, 4.
HAUSCHILD, A., modified-atmosphere packaged foods, 404.
HUNTER, A.C., hygienic aspects of goat milk production, 212.

J

JAMES, S.L., (see Wallen, 88; 256).
JOHNSON, C.W., milkfat test result variations, 420.
JOHNSTON, L.G., effective farm inspection programs, 404.
JOZON, P., modified atmosphere packaged foods in industry, 404.

K

KAHN, P., (see Firstenberg-Eden, 401).
KELLER, V., (see Knote, 402).
KLEYN, D.H., cheese safety tests, 426.
KNOTE, C.E., the Maj-Ik-Box mouse station baiting system, 402.
KNOTE, E.A., (see Knote, 402).
KRAFT, A.A., MAP microbiology of meats and poultry, 406.
KUBIK, D.J., (see Wallen, 88; 256).
KWAN, K.K., (see Skura, 403).

L

LAMPILA, L.E., beta-carotene in food, 90.
LEE, A.P., (see Pelton, 466).
LIN, H.H., detection of mold in foods by HPLC, 402.
LUCHTERHAND, C.K., letter to the editor, 23.

M

MARSHALL, R.T., calibrating instruments for milkfat testing, 406; book review, 489.
MAXCY, R.B., book review, 117; (see Wallen, 95).
MCCARRON, D.A., relationship of dietary salt and calcium to hypertension, 406.
MCKELLAR, R.C., (see Skura, 403).
MHYR, A.N., letter to the editor, 96.
MILLARD, V., reporting environmental data, 406.
MOORE, E.L., lead free metal cans, 47.

N

NITZEL, D.D., (see Wallen, 88).

O

OWEN, F.G., (see Wallen, 88; 256).

P

PACKARD, V.S., component milk pricing plans, 336; (see Ginn, 402).
PALUMBO, S.A., *Staphylococcus aureus* in foods, 9.
PELTON, D.A., waterborne illness outbreak, 466.
PENNINGER, H.K., effectiveness of food service managerial certification, 260.
PETERKIN, P.I., *S. aureus* enumeration on membrane filters, 403.

PFLUG, I.J., book review, 408.
PICHARD, B., effect of gasses on microbial enzyme activity in meats, 403.
PUTMAN, C.E., (see Barnard, 93).

R
REEDER, J.H., how to improve farm scores, 406.
RICE, D., (see Wallen, 88; 256).
RICHARDSON, G.H., present and future of SMEDP, 407.
RODMAN, V.A., book review, 117, 118, 275, 490; (see Penninger, 260).

S
SALEH, R., (see El-Ahraf, 168).
SCHIEMANN, D.A., emerging food pathogens: *Yersinia enterocolitica*, 407.
SHARPE, A.N., (see Farber, 401; Peterkin, 403).
SHAW, J.E., (see Drucker, 296).
SIMARD, R.E., (see Pichard, 403).
SKURA, B.J., raw milk storage under gases and effect of addition of raw milk, 403.
SMITH, D.E., book review, 118.
SMITH, J.L., (see Palumbo, 9).
SMITH, K.C., letter to the editor, 186.
STEEVENS, B.J., operation of milking equipment, 52.

T
TODD, E.C.D., costs resulting from foodborne disease in foodservice establishments, 403.

U
USBORNE, R., (see Collins-Thompson, 401).

V
VAN SISE, M.L., (see Firstenberg-Eden, 401).

W
WAINESS, H., the U.S. in the IDF, 133.
WALKER, H.W., book review, 276.
WALLEN, S.E., preventing adulteration of milk by water, 88; fluid milk quality, 95; producing milk with a low bacteria count, 256; (see Lampila, 90).
WEHR, H.M., pesticides and industrial chemicals in foods, 407.
WHITE, J.M., industry research support, 44.
WILLIS, W.V., (see El-Ahraf, 168).
WOLFF, E.T., (see Bandler, 400).
WOOD, D., (see Collins-Thompson, 401).

Z
ZEE, J.A., (see Pichard, 403).
ZINDULIS, J., (see Firstenberg-Eden, 401).

SUBJECT INDEX

Animal Waste
problems and management techniques, 168

Computerization
sanitation programs, 7

Dairy Industry
adulteration of milk, 88
bacterial quality of milk, 93
cheese safety tests, 426
coliform mastitis, 4
component milk pricing plans, 336
dairy quality, 26, 67, 114, 152, 189, 229, 281, 318, 356, 398, 482
flavor of store milk, 176
fluid milk quality, 95
ice cream quality in Connecticut, 306
industry research support, 44
mandatory dating of milk, 376
milkfat test result variations, 420
national mastitis council column, 27, 61, 113, 153, 190, 230, 283, 319, 357, 399, 433
operation of milking equipment, 52
producing milk with a low bacteria count, 256
the U.S. in the IDF, 133

Food
beta-carotene, 90
colorings for foods, 131
facts for the sanitarian, 24, 65, 112, 151, 187, 227, 279, 316, 354, 392, 432, 480
institutional feeding, 302
Staphylococcus aureus, 9

Food Industry
food service managerial certification, 260
lead free metal cans, 47
plastic packaging for spices, 464
spice quality, 380

Goat Milk
hygienic aspects of production, 212
regulating production and processing, 128

Human Relations
in inspections, 296

IAMFES
71st annual meeting report, 440
affiliate officers, 71, 195, 325, 486
affiliate news
California,69
Florida, 284
Illinois, 69
Iowa, 284
Kansas, 231
Kentucky, 231
Ohio, 231
Ontario, 154
Pennsylvania, 154, 321
South Dakota, 28, 321
Wisconsin, 28, 231, 484
Wyoming, 484
annual meeting abstracts, 400
book reviews, 117, 118, 275, 276, 408, 488
committees and chairpeople, 411
letter to the editor, 23, 96, 97, 186
past award winners, 35
presidential address, 436
presidential perspective, 1
proposed constitution changes, 221

Media
handling media conerns, 348

Research
with bacteria, 174

Training
by video tape, 216

Water Quality
waterborne illness outbreak, 466

3-A
standards, 196, 198, 233, 240
symbol holders list, 78, 358
